Dear Dr Arun S:

Thank you for reviewing the above manuscript, entitled "Classification of Pulmonary Pathology from Breath Sounds Using Wavelet Packet Transform and Extreme Learning Machine" for Expert Review of Respiratory Medicine.

We greatly appreciate the voluntary contribution that each referee gives to the Journal. We hope that we may continue to seek your assistance with the refereeing process for Expert Review of Respiratory Medicine, and hope also to receive your own research papers that are appropriate to our aims and scope.

Sincerely,

Anastasia Cyzewski
