

# Memorandum of Understanding

Between

**VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES  
(VISTAS)  
& TECHDEFENCE**

TECHDEFENCE being a knowledge platform also believes in sharing its domain expertise through its training programs, public lectures, presentations and seminars. Thus the memorandum is prepared to be a beneficial agreement between VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES (VISTAS) OF VELS UNIVERSITY and our TECHDEFENCE Team.

**VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES (VISTAS) or VELS UNIVERSITY would provide with the following facilities to TECHDEFENCE:**

- TECHDEFENCE will act as a whole and sole sponsor of the event and as a host of TECHDEFENCE Android Platform workshop and this infers that no other source i.e. a company or a consultancy would not be providing the seminar on the similar or related topic during the event.
- The relevant posters related to the workshop with a logo of VELS UNIVERSITY to be provided to all participating colleges across the country.
- The public acknowledgment for the same to be done through different mediums like print media, electronic media, online to be done in association with the college.
- The college's/instit's website should contain the link to our website for the workshop event in the events section.
- The TECHDEFENCE website should contain a separate page for VELS UNIVERSITY and all the details about the workshop.
- The rights of the registration of the Android Platform workshop and courses to be there on TECHDEFENCE website as well as VELS UNIVERSITY website for online registration for the workshop.
- During the entire event, college should take the initiative of holding the banners and covers concerning the details to be set up in college premises.

## Memorandum of Understanding

- We would be requiring coordinator (1-5) who with all the enthusiasm will hold the spirit and with aim of acquiring knowledge from the workshop and assist the other students regarding any query about the workshop to be conducted in college.
- College would provide accommodation facilities to TECHDEFENCE and his team.
- Workshop space for two days at VELS UNIVERSITY with below mentioned technical requirements:
  - o Staged Seating Seminar Room with a seating capacity of 200 students or more.
  - o A speaker system.
  - o Two cordless mikes (one cuff mic preferred).
  - o One LCD projector for presentation (Android Platform).
  - o Internet Connection for Laptop (Without Proxy if possible).
