

About VISTAS

VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES (VISTAS) established under section 7 of UGC act 1956, by the Ministry of Human Resource Development, Govt. of India, in 2008. VISTAS (popularly known as Vels University) has originated from a self-financing Group of Institutions established in 1982. The University status has been conferred by UGC after taking into account the achievements accumulated by the Management and quality maintained in the field of Higher education.

The University is a multi-disciplinary university offering varied and innovative course in emerging areas. The University offered 48 master graduate, 42 post graduate programmes and 22 Diploma and Certificate Programmes of contemporary relevance.

About INDICTCS

INDICTCS is a new initiative of Institute of Biotechnology and Clinical Research (IBCR), which provide comprehensive training and research assistance to students biologists, biotechnologists, Advance project guidance, research seminars, industrial training and career counseling to Biological aspirants.

SCOPE OF THE MOU

A. Exchange of Information

The two institutions will work to develop agreements or programs for exchanging academic, research and other educational materials.

B. Exchange of Students

The parties will work to develop agreements and programs for exchanging students between the two institutions, either on the basis of reciprocal exchange of benefits or through fees set for the participants in the specific programs. Such programs shall be conducted so as to encourage active participation and to ensure reciprocity while minimizing the cost of participation for students from both institutions.

C. Exchange of Faculty

The parties will explore opportunities for their respective faculty members and administrators to be in residence at the other institution for purpose of learning, conducting research, and developing their academic or administrative skills. Such programs, to the greatest extent possible, will provide commensurate opportunities for the faculty and administrators of both institutions. Both institutions pledge to provide the fullest support possible to faculty and administrators coming from the other institution in the discharge of the business of each faculty members or administrators.

D. Collaborative Programs

Collaborative programs, seminars and research activities will be encouraged and supported where the mutual interests and expertise of both institutions may be realized. Faculty and program directors at both institutions should be encouraged to enter into contact with one another in order to further this objective.

E. Cooperation for Development of Resources

The two institutions will explore avenues to develop financial resources to support educational activities sponsored under this Agreement, including joint grant proposals.

Subjects of the above mentioned areas of cooperation and any other areas in which the two institutions wish to cooperate, detailed arrangements can be developed through separate memoranda of understanding, exchange of letters, appendices or other written agreements, all of which must be signed in writing by both parties to be effective.

F. Joint Educational Programs

Joint educational programmes on Diploma in law courses on Cyberlaw, Business history and environmental engineering can be conducted.

All the proposed initiatives will be governed by the regulations evolved by both the organizations under the "The University/ Company Partnership". These terms and conditions of the mutual assistance shall be discussed and agreed upon in writing by both parties to the initiation of any particular programme.

Terms of the MOU

1. This MOU will be in force for a period of thirty six (36) months from the date of signing. This MOU may be terminated by either party by giving a prior written notice of 30 days to the other party.
2. This MOU can be further extended, subject to mutual agreement of terms and conditions at the end of thirty six (36) months, on expiry of the MOU. The intimation of desire to continue should be intimated in writing two months prior to the date of expiry of this MOU.
3. This MOU or any action of the parties with respect thereto does not constitute legally binding obligations by both the parties. It only intends to lay out the spirit and understanding of the arrangement for mutual benefit of the respective parties.
4. This MOU does not create any partnership, agency, joint venture or employer - employee relationship between the parties.
5. The parties shall be responsible for their respective costs, fees and expenses and no party shall be responsible to the other for any loss, cost, expense or damages whether direct, indirect, consequential or incidental.

Termination of Contract

6. In the event the CLIENT is unable to ensure the operation of the work within the stipulated time period, it could be entitled to terminate this Memorandum of Understanding.
