About VISTAS

VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES (VISTAS) established under section 3 of UGC act 1956, by the Minister of Human Resource Development, Govt. of India, in 2006. VISTAS (popularly known as Vels University) has originated from a self-financing Group of Institutions established in 1992. The University status has been conferred by UGC after taking into account the rich experience accumulated by its Management and quality maintained in the field of Higher education. The University is a multi-disciplinary university offering varied and innovative courses in emerging areas. The University offers 49 undergraduate, 52 post-graduate programmes and 32 Diploma and Certificate Programmes of contemporary education.

About EVERGREEN TECHNOLOGIES

EVERGREEN TECHNOLOGIES was started in early 2000 involves in design engineering and manufacturing of water treatment equipments, laboratory equipment supply. We have a customer base of 1000 and more, which includes Government sector, institutions, corporate industries and commercial building water plants. We provide efficient service from selection of source, water treatment plant design and installation, pipeline design for water distribution and supply. Evergreen Technologies also provide consultancy services on quality control for water by survey, installation and testing on water testing laboratory as per Indian & International standards.

Whereas the university and the company have entered into this agreement in their mutual interests and are willing to evolve cooperation between the two entities to develop and promote teaching, on the job training and research and the details are enclosed into MoU for the future reference.

SCOPE OF THE MOU

A. Exchange of Information

The two institutions will work in developing agreements or programs for exchanging academic, research and other educational resources.

B. Exchange of Students

The parties will work to develop agreements and programs for exchanging students between the two institutions, either on the basis of reciprocal exchange of benefits or through fees set for the participation in the specific programs. Such programs shall be conducted so as to encourage active participation and to ensure reciprocity while stimulating the rate of participation for students from both institutions.

C. Exchange of Faculty

The parties will explore opportunities for their respective faculty members and administrators to be in residence at the other institution for purpose of learning, conducting research, and developing their academic or administrative skills. These programs, to the greatest extent possible, will provide commensurate opportunities for the faculty and administrators of both institutions. Both institutions pledge to provide the fullest support possible to faculty and administrators coming from the other institution in the furtherance of the interests of each faculty member or administrator.

D. Collaborative Programs

Collaborative programs, seminars and research activities will be encouraged and supported when the mutual interests and expertise of both institutions may be furthered. Faculty and program directors at both institutions should be encouraged to enter into contract with one another in order to further this objective.

E. Cooperation for Development of Resources

The two institutions will explore avenues to develop financial resources to support educational services sponsored under this Agreement, including joint grant proposals.

In each of the above mentioned areas of cooperation and any other areas in which the two institutions wish to cooperate, detailed arrangements can be developed through separate instruments of understanding, exchange of letters, appendices or other written agreements, all of which must be signed in writing by both parties to be effective.

F. Joint Educational Programs

Joint educational programmes on Diploma in few courses on Physicochemistry, Bioinorganic chemistry and environmental monitoring can be conducted.

All the proposed initiatives will be governed by the regulations evolved by both the organizations under the "The University/ Company Partnership". These terms and conditions of the mutual assistance shall be discussed and agreed upon in writing by both parties to the initiation of any particular programme.

Terms of the MOU

1. This MOU will be in force for a period of thirty six (36) months from the date of signing. This MOU may be terminated by either party by giving a prior written notice of 30 days to the other party.
2. This MOU can be further extended, subject to mutual agreement of terms and conditions at the end of thirty six (36) months, on expiry of the MOU. The intimation of desire to continue should be intimated in writing two months prior to the date of expiry of this MOU.
3. This MOU or any action of the parties with respect thereto does not constitute legally binding obligations by both the parties. It only intends to lay out the spirit and understanding of the arrangement for mutual benefit of the respective parties.
4. This MOU does not create any partnership, agency, joint venture or employer-employee relationship between the parties.
5. The parties shall be responsible for their respective costs, loss and expenses and no party shall be responsible to the other for any loss, cost, expense or damages whether direct, indirect, consequential or incidental.

Termination of Contract

6. In the event the CLIENT is unable to ensure the completion of the work within the stipulated time period, it could be entitled to terminate this Memorandum of Understanding.
