

Our simplistic design strategy coupled with a multi-dynamic approach gives us the creative edge in building products that will stand out from the crowd. From the corporate world to the casual, our goal is to give life and soul to everything, everyone has.

As professionals, we actively work towards designing products that will stay one step ahead of the industry as we learn, grow and adapt to the exquisite tastes of our customers.

Common Interests and agreement

PROTOTYPE and VISTAS, after having assessed their strengths, merits and objectives have agreed that they could cooperate and share the expertise and facilities available with both. It is felt that a MOU can be drawn and entered into.

Based on the experience of past interactions between PROTOTYPE and VISTAS, specific areas have been identified.

MOU between PROTOTYPE and VISTAS

The MOU between PROTOTYPE and VISTAS envisages agreed interaction in the following

1. Prototype and VISTAS shall be responsible for the conduct of their assigned responsibilities.

Neither Prototype nor VISTAS shall be responsible to the other parties for any losses that they may suffer arising out of the understanding.

The parties shall be responsible for insuring their respective premises, equipment and personnel for any claims that may arise from the conduct of the understanding.

2. Prodtype agrees to share the knowledge resources with VISTAS by resource persons from Prodtype in technical seminars, conferences, workshops etc., conducted at the premises of VISTAS for the purpose of enhancing the knowledge/skill levels of the students studying in the college.
3. Prodtype agrees to impart their students in plant training conducted in Prodtype premises free of charge to the extent possible for the purpose of skill update to their students and the traveling expenses, stay and food arrangements during the in-plant/industrial training shall be borne by the respective student.
4. In the In-plant training the students will be imparted training on basics of Product Design and Development and Product Life Cycle. The course will be conducted in any of the offices of Prodtype all over India and it's based on its discretion.
5. The students deputed for the training courses as mentioned in para 3.4 above will ensure that the security of Prodtype is not hampered.
6. Prodtype shall not bear any expenditure for the above industrial in-plant training courses.
7. No stipend shall be paid by Prodtype for the above training.
8. The students deputed by the VISTAS for the in-plant training shall not claim any right for appointment in Prodtype.
9. Prodtype agrees to conduct regular specialized training courses/Workshops to the students of VISTAS on as per the rates as per the orders from Prodtype HQ and prevailing from time to time.
10. Prodtype will also arrange for Panel Discussions with Industry Experts with the students of VISTAS for facilitating better Industry-Academia relationship.
11. Prodtype will conduct regular Designations and Competitions at VISTAS with Rewards which are open to the students of VISTAS and also other colleges near their vicinity.

12. Prodotype will conduct special Internship Drives at VISTAS from time to time and will show preference for VISTAS students. However, the selection for Internship is solely based on merit only.
13. Prodotype reserves the right to pay stipends for the Internships who successfully pass their probation. The students will be paid a fixed amount as stipend for the duration of the internship.
14. Prodotype also reserves the right to offer Pre-Placement Offer to any of the students who are pursuing successful Internship with Prodotype if it deems the student fit to join its team.
15. However as related to §.14, Prodotype nor any of its associates will not conduct any campus placement interviews at VISTAS related to recruitment of freshers in Prodotype due to its existing recruitment policy. If there is any change to such policy in the future, it will be duly notified to the respective authorities here at VISTAS.
16. Prodotype will facilitate through its many partners or in its sole capacity, incubation of ideas of Students exclusive to VISTAS. Top Innovations will be chosen from students (First to third year) of engineering and the idea will be incubated as a product and there is a possibility of it being converted into another startup/venture. Prodotype reserves all rights of vetting.
17. As an extension of §.15, Prodotype will also chose Top Projects from the Final Year Students and the best ones will be incubated as a commercial project. Prodotype reserves all rights of vetting.
18. Prodotype will conduct Workshops/Training to the students of the VISTAS for a subsidized cost.
19. VISTAS agrees to avail all the services as stated in the MOU from Prodotype during the period of their MOU.
20. This agreement will be effective upon signing this MoU approval by both parties and remain in effect for Three year. As long as one party does not give six month termination notice to this agreement, it shall automatically be renewed. Either party may terminate the MoU by giving to the other party 90 days notice in writing.

PROFILE OF (VISTAS)

VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES (VISTAS) as a centre of excellence for imparting high quality education was established in 2008 (deemed to be University) status conferred on the Vels group of institutions by the Ministry of Human Resource Development, Government of India dated 4th June 2008 and NAAC Accredited offers various UG and PG Programmes. VISTAS stand as one of the outstanding education, which is enhanced through high-quality faculty members, academically challenging and innovative theoretical practices, active professional development programs. Vistas offers a challenging variety of course specializations intended to give students a well-rounded background in all aspects of operating a business. The program helps students develop critical-thinking, problem-solving, leadership, and other skills that will serve them on the job today as well as become a foundation for lifelong learning.

DEPARTMENT OF MECHANICAL ENGINEERING

The Department of **Mechanical Engineering** is equipped with the best of resources to enrich the ancestry of the department ensuring high quality education to the students. The intense professional will of the faculty is the root for the sustained excellence of the department. The state-of-the-art laboratories, the well-balanced curriculum and the faculty with iron-resolve, address the cognitive capacities as well as practical hands on workshop experience of students in fulfilling the ever more pressing needs of the industry.

- B.E. - Mechanical Engineering
- M.E. - Computer Integrated Manufacturing

PROFILE OF PRODOTYPE

Prodotype is an expert Product design house that aims to simplify and aestheticize lives through unique yet effective design. Our expert team comprising of, best in class product designers, and an exclusive Pan India Team with tonnes of experience on the field work together towards revolutionizing the industry while changing lives through design.
