**REPORT OF SEMINAR WITH PARTICIPANTS LIST**  
**SEMINAR ON OUTLOOK OF DATASCIENCE SOCIETY**

This online seminar has given a great idea about a wide range **data science** related terminology such as data mining are **classification, predictions, association rules, data reduction, data exploration, supervised and unsupervised learning, datasets organization, sampling from datasets, building a model** and etc. The experts had shared experience to aspiring data analysts. The students acquired knowledge about the skills to pursue a career in data science. As the demand for data scientists continues to grow, the field offers students and professionals a highly attractive career path.

A handwritten signature in blue ink, which appears to read 'T. Kamalakannan', is positioned above the printed name.
